

HURUNUI DISTRICT COUNCIL

Election of THREE (3) Members for the Amberley Ward

Gary COOPER

My name is Gary Cooper a member of the Amberley Ward Committee and a resident of Amberley Beach for the last few years. I am Canterbury born, educated at Christchurch Boys and was a beef and sheep farmer in the province for many years. I now run a steel fabrication business.

As a member of the Ward Committee I have been able to bring my practical down-to-earth approach to the real issues facing the community. For the future I see community development with style and security of services within a tight financial framework as something to strive for. I believe that it is vital I know I can represent you all with an independent view and look forward to serving the whole community and to the achievement of positive results for the future.
