

HURUNUI DISTRICT COUNCIL

Election of THREE (3) Members for the Amberley Ward

Ian MANSON

My involvement in the Hurunui district commenced in 1999 when, with my wife, we purchased land on Stanton Road, Amberley, developed an olive grove and established our processing and marketing businesses. Our business is now a key player in the olive industry in Canterbury and New Zealand developing domestic and international markets. Before moving to Amberley, my career was in international

banking where I held senior management positions in a leading New Zealand bank providing advice to many major companies.

Board Member–Hurunui District Council–Waste Minimisation and Management Board

Board Member–Olives New Zealand Inc and Chairperson Canterbury.

I offer ratepayers of Amberley and Hurunui, management skills, ability to communicate at all levels and encourage openness and fairness on all fronts.

Key issues for me: improved waste management in the region, encourage investment in new businesses, develop improved support services, maintain accountable governance and encourage employment opportunities across the region.
