

HURUNUI DISTRICT COUNCIL

Election of THREE (3) Members for the Amberley Ward

Julie COSTER

My vision for the Amberley district along with sustainable growth is for the voice of the people to be paramount at all times. As a community member I know just how much the people of the Amberley Ward care for their district and know we all have to have our concerns heard. There is an excitement for the future of this area but we must not lose sight of that voice to maintain the direction we want to see developed. After raising eight children, my desire is to put my experience back into the community. Being community minded sees me on the Amberley Ward Committee; the Leithfield Community Centre Inc Committee, as secretary; the Hurunui Road Safety committee; the ADRA (recycling) Committee, putting back into the community by Youth Mentoring a young person on the Big Brother, Big Sister programme. I feel I can offer this community a choice.
