

HURUNUI DISTRICT COUNCIL

Election of ONE (1) Member for the Cheviot Ward

Vince DALY

I am a fifty-one year old, third generation Cheviot farmer. Faye and I have four children. We are involved in many community activities and have been on numerous sporting, education, health, farming and local body committees.

I was seven years on the Cheviot Ward committee before becoming a Cheviot Ward member on the Council, and on the 'Works and Service' and 'Waste Minimisation'

Committees, and involved in planning hearings.

I stand for common sense solutions, good communication between residents and Council and excellence in roads, water and sewerage. I am a strong believer in individual and community property rights.

With only one member from our district on Council, Cheviot needs a strong, practical and passionate advocate. Together with the Ward Committee, I will advance the issues of our District ensuring the current and future quality of life we wish for ourselves and our children.
