

2006 Census – Population by Regions

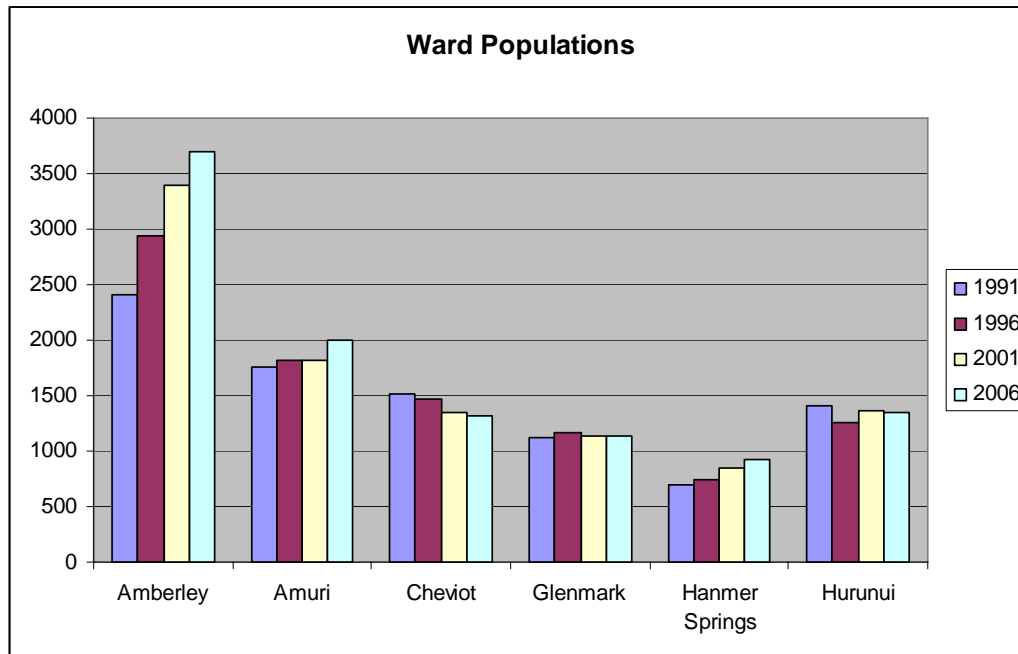

(Source: Statistics NZ)

The following results are based on the **Usual Resident Population**. The basis of this population is the population resident in the area on census night, plus residents enumerated elsewhere in New Zealand on census night whose usual residence is in the area. Temporary residents who usually reside elsewhere in New Zealand or overseas, are excluded.

	1986	1991	1996	2001	2006
