Dear Holly

I refer to my letter to the Court to be shown to Judge Harland dated 9 June. Please see below my revision to paragraph 10 on page 2. Upon my rereading it as written it is ambiguous.

"10. I understand that Mr wallace will be discussing with the Glenmark Community against Wind Turbines, and with their health expert Dr Daniel Shepherd, as to whether Dr David Welch is to be called as an additional health expert. Since Dr Shepherd is also the expert health witness for Tipapa Ltd I will accept any decision made by the Glenmark society."

Regards
