Dear All

I refer to the recent correspondence filed in relation to the Health Caucusing session tomorrow. The presiding Judge has decided that Dr Welsh is **not permitted** to attend the expert conferencing. Judge Harland is in Court today, however a minute will be issued outlining the reasons for this later today or tomorrow.

Kind regards

Gemma Fellowes

Dear Gemma,

We ask that the Court refer to our memorandum dated 17 May 2012, in which we made it quite clear that Professor Petrie is being called solely to respond to evidence called by project opponents. He will not be presenting any evidence in chief. We do not accept the proposition that we have somehow been 'holding back' evidence or witnesses.

We still have absolutely no idea what evidence, on what topics, is to be called by the proposed witness. We identified in our memorandum dated 24 May why we are of the view that the basis upon which he is being introduced is quite misplaced.

Regards,

Andrew Beatson Partner
