Dear all

The presiding Judge issued a minute on 15 August outlining the hearing procedure and anticipated timetable for the hearing of evidence and submissions. The Judge noted in her minute that the timetable was flexible and subject to change depending on how the case proceeds.

The anticipated timetable was compiled from a range of information available to the registry, from the parties and Court.

A number of issues in relation to witness availability have since come to the Court's attention.

Given that the hearing is due to commence in less than a week these matters will be dealt with in Court on the 27 August.
