Appl. No _____

BC No _____

Val. Roll No _____

Applicant Details:

Name of Applicant: _____

Postal Address: _____

Phone Number: _____

Email: _____

Connection to the following reticulated sewer scheme required: AMBERLEY AMBERLEY BEACH CHEVIOT
GRETA VALLEY HANMER SPRINGS HAWARDEN LEITHFIELD LEITHFIELD BEACH MOTUNAU BEACH
WAIKARI (Circle the one that applies)

Connection Address: _____

Legal Description: _____

Tradewaste: Yes / No _____

Connection Fee \$100.00 (including GST)

An inspection chamber is required to be installed at the boundary when a new connection is made to the Council sewer main. Generally, each property has a lateral from the sewer main to the boundary. However, in the instance where this is not provided or where a different connection point is chosen then the full cost of connection to the sewer main will be met by the applicant. This work will be done by a certified drain layer and will require a Building Consent.

No work is to start on the sewer connection until building consent approval is obtained

NB: If the lateral to which this application applies is not within private property and excavation of the road reserve is required then a CAR (Corridor Access Request) request along with a traffic management plan must be applied for through a Beforeudig application.

By signing below, you agree to comply with all the provisions of the Hurunui District Council Water Supply By-Law 2014 or its succeeding By-law and Policies.
