Rural Connectivity Group
c/ Incite
A Maclennan
PO Box 25-289
Christchurch 8144

Dear Andrew

Land Use Consent RC210123 - Decision

Applicant: Rural Connectivity Group
Site address: 45 Cathedral Road, Port Robinson
Sections 48 & 49 Block XI Cheviot SD (Gazette notice: 82-2784)
Proposal: Install, operate and maintain a telecommunications facility

Your resource consent application has been granted on a non-notified basis subject to the following conditions. A copy of the decision is enclosed for your information.

Conditions of consent

- 1. The activity shall proceed in general accordance with the plans and details submitted with the application and referenced as RC210123 in Council records.*
- 2. The tower structure shall be finished in a non-reflective light grey colour with a maximum light reflectance value of 40%.*

You are responsible for making sure you comply with the conditions of this resource consent and that you continue to do so, so the activity remains lawful.

Start of the consent

The date of this letter is the start date for your resource consent unless you lodge an objection against the decision. In this case the start date will then be the date the decision on the objection is determined.

Lapse of consent

Resource consents are granted to authorise an activity until the expiry date specified on the consent. If the date is not specified in the conditions of the consent, the consent will lapse five years after the start date. This is unless the consent is given effect to, or an application to extend the period is made to us before the consent lapses. To decide whether to grant an extension, we need to take into account these factors (according to section 125(1A) of the Resource Management Act 1991):

1. whether substantial progress or effort has been, and continues to be, made towards giving effect to the consent; and
2. whether you have obtained approval from persons who may be adversely affected by the granting of an extension; and
3. the effect of the extension on the policies and objectives of any plan or proposed plan.

If the resource consent is not given effect to within 5 years, you will need to apply for an extension before the consent lapses or you will need to apply for a new resource consent.

Your rights of objection

If you do not agree with our decision to do with this non-notified resource consent, including, any of its conditions or fees that have been charged, you may lodge an objection. This must be received by us within 15 working days of when you have received this decision.

Please do not hesitate to contact me or a member of the planning team if you wish to discuss this decision.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Nicola Kirby', with a stylized flourish extending to the right.
