

# Township On-Demand Water Supply - Modelling

For Office use:

Appl. No \_\_\_\_\_

Water Supply \_\_\_\_\_

## Applicant Details:

Name of Applicant: \_\_\_\_\_

Address: \_\_\_\_\_

Phone Number: \_\_\_\_\_

Email: \_\_\_\_\_

Address of Property to be modelled \_\_\_\_\_  
\_\_\_\_\_

Legal Description \_\_\_\_\_

Please provide information on the proposed sub-division (include a plan if possible):

No. of lots: \_\_\_\_\_

No. of dwellings: \_\_\_\_\_

No. of commercial dwellings/schools: \_\_\_\_\_

Greenfield area: \_\_\_\_\_

Fire requirements: \_\_\_\_\_

Water pressure requirements: \_\_\_\_\_

**Rates for non-standard modelling are \$350.00 minimum plus \$180.00 per additional hour.**

We will provide an estimated cost to do the modelling work based on the above figures. On receipt of the full payment of the estimate we will proceed with the work. At completion, we will provide a brief report on the availability of water for the sub-division as proposed and, if necessary, details of any network upgrades that will be required.
