Subject:PROPOSED AMENDMENT TO THE HDC FREEDOM CAMPING BYLAW 2018

I fully support the proposed amendments 1 and 2 (I have no opinion about proposed amendment 3).

I submit that change number 1 will require monitoring in order to be practically effective. I put forward for consideration the possibility of installing security cameras at these sites as an aid by which monitoring could be more cost effective.

1.Limiting the number of campers permitted per night at:

- Scargill-Motunau Reserve,
- Glenmark Reserve, and
- Hanmer Springs River Reserve.

2.Removing the freedom camping carpark at:

- Chisholm Crescent Carpark, Hanmer Springs, and
- War Memorial Hall Carpark, Hanmer Springs.

3.Relocating the carpark currently available in Gore Bay to the Cheviot Service Centre Carpark.

We have watched and seen the vile creatures who ruin our town first hand. We need to act now and remove them. Many arrive in vehicles that would show they could sustain staying in motel accommodation.
