We the above committee support the proposed amendment to restricting the number of vehicles to 10. We seek clarification, by whom and how this will be monitored. Monitoring of Arrival and leaving times, will also be needed, as this was a issue, with people arriving and leaving at all times of the day. Good Signage, is a must and the above committee would like some input into this signage. After a trial of providing rubbish bins it was felt not having them was a better option, but with restricting numbers this outcome may be different.

Please note: Your name and contact details are required for transparency and the decision-making process. It also means we are able to update you on progress. All submissions will be publicly available through inclusion in Council agendas and/or retrievable by request under the Local Government Official Information and Meetings Act 1987.
