Submission on Freedom Camping  
in Brotherton.

My submission requests that the  
Freedom Camping in Brotherton be  
closed.

My reasons are.

The camping area is adjacent to the  
Brotherton Public Hall and is creating a  
health hazard with the human waste  
in public area.

The local people now can not walk  
their dogs in Cemetery road  
The Freedom campers do not support  
right for our stone on the hotel.

I estimate 1/3 of the camping vehicles  
are not self contained.

I walk through the camping area  
every morning on my way to work  
the irrigator on the show grounds.

I agree to be heard in support of  
my submission.
