1. INTRODUCTION

Hurunui District Council ('Council') relies on a clear distinction between governance and management activities for effective operation. Council is comprised of:

- **Elected Members**, who have overall responsibility for Council decisions and activities
- **The Chief Executive**, who is the sole employee of the elected members, and
- **Council Officers**, who are employed by the Chief Executive.

Governance activities are the remit of elected members. Management activities are the remit of the Chief Executive, which include the provision of policy advice, as well as implementing the governance decisions made by elected members.

In order for a Council to operate efficiently and effectively, the Chief Executive delegates a range of powers to Council Officers.

1.1 The Legal Basis

1.1.1 Council's Principal Responsibility

The purpose of Local Government as per section 10 of the Local Government 2002 Act is:

- To enable democratic local decision-making and action by, and on behalf of, communities; and
- To promote the social, economic, environmental, and cultural well-being of communities in the present and for the future.

The governance principles of Local Government as set out in section 39 of the Act are:

- A local authority should ensure that the role of democratic governance of the community, and the expected conduct of elected members, is clear and understood by elected members and the community, and.
- A local authority should ensure that the governance structures and processes are effective, open, and transparent, and.
- A local authority should ensure that, so far as is practicable, responsibility and processes for decision-making in relation to regulatory responsibilities is separated from responsibility and processes for decision-making for non-regulatory responsibilities, and.
- A local authority should be a good employer; and
- A local authority should ensure that the relationship between elected members and management of the local authority is effective and understood.

Delegation of Powers

The Delegations Manual records all delegations made from the Council to its Committees and the Chief Executive and from the Chief Executive to Council Officers. Schedule 7 (s32B) of the Act provides (with some restrictions) powers for a Council Officer to further delegate to any other Officer.

1. Unless expressly provided otherwise in this Act, or in any other Act, for the purposes of efficiency and effectiveness in the conduct of a local authority's business, a local authority may delegate to a committee or other subordinate decision-making body, Community Board, or Member or Officer of the local authority any of its responsibilities, duties or powers except –
 - a. The power to make a rate
 - b. The power to make a bylaw
 - c. The power to borrow money, or purchase or dispose of assets, other than in accordance with the long term Council community plan
 - d. The power to adopt a long term Council community plan, annual plan or annual report
 - e. The power to appoint a Chief Executive
 - f. The power to adopt policies required to be adopted and consulted on under this Act in association with the long term Council community plan or developed for the purpose of the local governance statement
 - g. The power to Warrant Enforcement Officers

2. Nothing in this clause shall restrict the power of a local authority to delegate to a Committee or other subordinate decision making body, Community Board, or Member or Officer of the local authority the power to do anything precedent to the exercise by the local authority (after consultation with the committee or body or person) or any power or duty specified in sub clause (1).
3. A Committee or other subordinate decision-making body, Community Board or Member or Officer of the local authority may delegate any of its responsibilities, duties or power to a sub-committee or person, subject to any conditions, limitation, or prohibitions imposed by the local authority or by the committee or body or person that makes the delegation.
4. A committee, subcommittee, other subordinate decision-making body, Community Board, or Member or Officer of the local authority to which or to whom any responsibilities, powers or duties are delegate may, without confirmation by the local authority or committee or body or person that made the delegation, exercise or perform them in the like manner and with the same effect as the local authority could itself have exercised or performed them.
5. A local authority may delegate to any other local authority, organisation or person the enforcement, inspection, licensing and administration related to bylaws and other regulatory matters.
6. A territorial authority must consider whether or not to delegate to a community board if the delegation would enable the community board to best achieve its role.
7. To avoid doubt, no delegation relieves the Local Authority, Member or Officer of the liability or legal responsibility to perform or ensure performance of any function or duty.

The delegation powers in this clause are in addition to any power of delegation a local authority has under any other enactment.

1.2 Purpose

The purpose of the Delegations Manual is to define and authorise the scope of:

- The division between governance and management activities
- Council’s delegations of governance activities to Council Committees
- Council’s delegations of management activities to the Chief Executive
- The Chief Executive’s delegations to Council Officers, including the Leadership Team.

Other aspects of Council’s work programme can be delegated by Council resolution. This includes the work programme detailed in the Long Term Plan and Annual Plan. Separate delegations are not required for Council Officers to undertake any work included in these documents, which are adopted by Council.

The Delegations Manual also provides for specific delegations relating to finance, regulatory functions and specific statutory responsibilities devolved to Council through legislation.

1.3 Structure

The Delegations Manual (“the manual”) is structured as follows:

- **Delegations Framework** – this section outlines Council’s guiding principles for delegating authority and establishes the legal power for making these delegations. It then establishes the framework through which the delegations are made and structured.
- **Governance Delegations** – this section sets out the delegation of governance powers from Council to Committees and the Community Board.
- **Financial Delegations** – the delegation of financial powers enables the achievement of Council’s objectives and work programme, as adopted in the Long Term Plan and Annual Plan. This section sets the limits of financial delegations to Council Committees and Council Officers.
- **Management Delegations** – This section of the manual sets out the delegations made by the Chief Executive of the management powers to facilitate the effective and efficient operation of the Council administration.
- **Contractor Delegations** – Council has determined to contract out the delivery of many of its services to contractors. The contracts in place with each contractor specify the detail of the services and levels of service to be provided.

This part of the delegations register sets out the delegations of powers and functions required by contractors to carry out their contracted services.

- **Sub Delegations** - The Sub Delegations Register has been separated out from the Delegations Manual for two purposes:
 1. To make it clear which decision making powers are delegated by the Council to the Chief Executive and other governance bodies and which are sub delegated by the Chief Executive Officer to other Council Officers.
 2. To make the delegations documents easier to read and understand. It will allow changes to the Sub Delegations Register, which happens on a regular basis, to be enacted simply as directed and overseen by the Chief Executive. The Sub Delegations Register also contains delegations to Council Officers that are prescribed in a range of relevant legislation and are not a Council delegation matter.
- **Warrants** – This section sets out the warrants of powers issued to individual Officers of Council and employees of contractors. The Warrant Register can be found within the Sub Delegations Register.

1.4 Term of Delegation

Unless any delegation is expressed to be for a defined period it will continue until revoked by the Council, the Chief Executive or withdrawn by operation of law. The Delegation Manual is a 'living' document and as such will be reviewed and amended from time to time. The delegation is normally to the position, not to the individual. The delegation survives any change in the occupier of any position.

2. DELEGATION FRAMEWORK

Delegations are “the assignment of a duty or power of action to another, together with the authority to carry out that duty or complete the action assigned with responsibility for the outcome.”

The powers, functions and duties of Council are prescribed by central government either expressly or implicitly by statute and associated regulations. The legislative framework imparts various different powers, functions and duties to the elected Council or the Chief Executive.

Primary statutes that impact Council include but are not limited to:

- Local Government Act 2002 ('the Act')
- Resource Management Act 1991 (RMA)
- Building Act 2004
- Reserves Act 1977
- Local Government Official Information and Meetings Act 1987 (LGOIMA)

2.1 Guidelines

2.1 Key Principles

In making decisions about delegated authority, Council and the Chief Executive will consider the following, to enable Council to:

- Operate efficiently and effectively
- Concentrate on its policy making role, empowering the Chief Executive and Council Officers to implement and administer those policies
- Carry out Council functions openly and fairly
- Provide delegates with the necessary authority to effectively carry out delegated responsibilities
- Properly observe all statutory requirements.

Other principles observed in the development of the manual are that delegations will:

- Be made to positions, not people

- Be recorded in the Delegations Manual or Sub Delegations Register
- Delegations are to be made in writing and recorded
- Prevent decisions made under delegated authority from being subsequently overturned by Council
- Be reviewed and amended as required, including a review at the beginning of each new term of Council.

2.2 Restricted Powers and Responsibilities for Council

2.4 Delegated Parties

In most cases the Council has the primary power of delegation, as it is this body that is specified as the delegate in the empowering legislation. In some specific instances, the legislation empowers the Chief Executive directly who will have the primary power of delegation.

Under this policy, delegations of responsibilities, powers or duties may be made to any of the following parties:

- Committees

Certain delegations will be made to specific positions within the wider Council structure (including contractors) that require that the position holder has and maintains appropriate technical qualifications for the position. As provided in section 3 (Governance Delegations) it is the responsibility of the delegator to ensure that the holder of the position that has the delegated powers has and retains appropriate technical competence.

2.5 The Chief Executive

- The Chief Executive is the head of the Council's staff appointed under section 42(1) in accordance with Schedule 7, clauses 33 and 34 of the Local Government Act 2002 and shall have all the authority necessary or incidental to that position as defined in the job description, performance objectives, and in this manual.

- Reflects and reinforces the separation of regulatory responsibilities and decision-making processes from other responsibilities and decision-making processes; and

- The power to sub-delegate these powers.

2.5. Delegations to Chief Executive

- In order to fulfill these responsibilities, the Chief Executive is delegated all the powers, functions and duties necessary for the management of Council activities and the implementation of Council policy except for any power, function or duty reserved to the Council or a committee under this manual.
- The authority delegated to the Chief Executive may be delegated to any other Officer of the Council or subcommittee of Officers in accordance with Clause 32, Schedule 7 of the Local Government Act 2002.
- Every delegation by the Chief Executive shall be in writing and suitability recorded (refer to the Sub Delegations Register). Every delegation may be withdrawn or amended or made subject to conditions in the same manner.
- Sub delegation of delegated authority to another Officer is not permitted.

2.5.2 Acting Chief Executive

- One of the three Executive Team members will Act as Chief Executive in the absence of the Chief Executive.
- The Chief Executive may request any person appointed by the Council to act as Chief Executive during temporary periods of absence from duties together with such of the Chief Executive's powers as he or she considers appropriate.

2.5.3 Statutory Delegations

- The responsibilities are expressly provided for in legislation; or
- The Council holds the power and delegates this responsibility to the Chief Executive.

Delegations to staff, if required by any enactment, are made through the Chief Executive by virtue of inclusion in this register.

2.5.4 Contracts, Tenders, Purchasing, Sale of Assets and Services

The Chief Executive may subject to any policy established by the Council and within approved budgets, accept, negotiate or decline contracts, tenders, purchasing agreements or any other arrangements for:

- The employment of staff (under section 42 Local Government Act 2002), consultants or advisers.
- The supply of goods and services plant items or other assets (excluding real property) to the Council (Refer to the Policy on Procurement for details).

2.5.5 *Employment of Staff*

- Under section 42 of the Local Government Act 2002 the Chief Executive is responsible to the Council for employing the staff of the Council and negotiating their terms of employment. This includes staffing structures, authority for disciplinary action and dismissal, recruitment, good employer obligations and the equal employment opportunities programme.
- Subject to budget approval, the Chief Executive may authorise the creation of a new position. A new position is one not shown on the Council's current organisation chart. This includes new positions arising from a substantial restructuring and consequent regard of existing positions.

2.5.6 *Temporary Delegations*

Council Officers who are charged with increased duties in a temporary capacity also receive the delegated powers, duties, and responsibilities relevant to the position in which they are acting.

3. GOVERNANCE DELEGATIONS

The delegations made in the governance section of the manual and other delegations of statutory and financial powers to committees and subcommittees and all the delegations made to the Chief Executive were adopted by Council at its meeting on 16 December 2021. The new governance structure for the 2022-25 triennium was approved by the Council on 1 November 2022.

Council's delegation model is designed to enable committees of Council to fully and completely undertake their roles consistent with their terms of reference. The use of delegated authority to the most appropriate level of the organisation enables Council to achieve the purpose of local government as prescribed in the Local Government Act 2002, which is:

- To enable democratic local decision-making and action by, and on behalf of, communities; and
- To promote the social, economic, environmental, and cultural well-being of communities in the present and for the future.

When a statute or regulation empowers Council to carry out a decision-making function, that decision must be made by resolution of the full governing body, unless the statute or regulation permits delegation to a committee, subcommittee, or Council Officer.

The business to be delivered and administered by Council is significant and wide-ranging, implementing the requirements of many statutes and associated regulations, Council plans, policies, bylaws, and other services. Without delegation, Council's operations and administration would not be efficient, effective, or timely in delivering services.

The body or person to whom powers are delegated will usually exercise the delegated power but is not obliged to do so. Delegates may choose not to exercise authority when a matter becomes of high public interest, or the issues involved are contentious or high-risk.

When urgency, public-interest or risk requires, matters that would normally be delegated for decision to a Council committee will go to the full elected Council for decision.

Principles and Procedures

Within the overall model of participative democracy, Council's delegation model is designed to enable committees of Council and Hanmer Springs Community Board (HSCB) to undertake their roles fully and completely and consistent with their terms of reference. The principles incorporate the reporting and monitoring process that enables the Council to ensure that the powers they have delegated are not exceeded.

- The powers, duties and responsibilities required for each committee and the HSCB to undertake the roles determined for them as documented in the delegations and for some committees the terms of reference for each committee and the HSCB are determined and agreed by the Council members and the HSCB members.
- Following agreement, Council will resolve to delegate the appropriate powers to the committees and the HSCB.

- Each of these subordinate governance bodies is bound to the requirements of the Local Government Official Information and Meetings Act 1987 and Council's Standing Orders for the provision of agendas in advance of meetings, the conduct of their meetings and the keeping of accurate minutes of the proceedings of meetings.
- The Governance Advisors will scrutinise the agendas for all subordinate meetings to ensure that the recommended actions on items for decision by the Committee or HSCB are within the powers delegated to them.
- Where there is a potential breach of delegated powers the Governance Advisors will notify the Committee/Board Chair and advise an alternative recommendation for consideration.
- The Governance Advisors will review the draft minutes of each meeting of Committees and the HSCB within 5 working days to ensure the decisions made are consistent with the delegated powers.
The Governance Advisors and Chief Executive will review the proposed agenda for Council meetings to ensure that no items that can be determined by committees under delegated authority are being brought forward unnecessarily to the Council.

3.2 Expectations of Council Committees

Within its areas of jurisdiction, each Council Committee is expected to:

- Observe and pursue the goals, objectives and strategies in any strategic plan adopted by full Council

- Support Council staff to achieve programmes and projects contained in the Long Term Plan
- Support the responsibilities of the Council to advise on strategy and policy

Council Committees shall not:

- Exercise any power reserved to the full Council by operation of law (e.g., making a rate, borrowing, etc.)
- Authorise or otherwise commit the Council to any expenditure (either in the current year or subsequent years) exceeding that in the current Annual Plan without the prior authority of full Council. That authority may be found in the Long Term Plan

4. FINANCIAL DELEGATIONS

4.1 Introduction

This section outlines the delegated financial authority to committees and Council Officers. The roles and responsibilities of elected members and officials within the financial management system are quite different. Elected members set the overarching policy setting, while Council Officers implement the policy. The different roles are more specifically set out below.

4.1.1 Principles and Procedures

The delegation of financial powers enables the objectives of the Council as set out in the Long Term Plan and Annual Plan to be achieved. Achieving the proposed outcomes is the objective, not spending the budget.

Financial management is a shared responsibility between:

- Executive Leadership Team
- Managers
- Committees and HSCB; and
- Council

Financial delegations will only be made in compliance with the following principles and procedures:

- Financial delegations are based around the cycle of the Annual Plan (or the Long Term Plan (LTP) each three years). For simplicity, the annual financial planning process is described as the Annual Plan despite it being a part of the LTP every third year.
- Only the Council may approve expenditure that is not provided for or exceeds 10% overall of what is provided to undertake activities in the Annual Plan. Any such decisions may not be consistent with section 97 of the Act, which requires the Council to act in accordance with the LTP on the matters specified in the section
- No financial delegation empowers the delegate to commit expenditure or enter into contracts that are not provided for in the Annual Plan. The Annual Plan sets out the expenditure to be incurred and income to be received for the activities the Council is planning to undertake in the financial year the plan covers. As such, the Annual Plan sets out the financial limits and will be the basis against which all financial decisions will be judged
- The Council will approve all financial delegations
- The Council will determine the levels of delegation for staff based on recommendations from management
- Financial delegation limits may be established for the following different types of transactions:
 - Expenditure approval, including different limits for:
 - Expenditure for specific projects of works
 - Discretionary expenditure for services

- Entering in to binding contracts (subject to the Council’s policy on contracts).

4.2 Council’s Responsibility

The responsibility of Council in financial management is to:

- Ensure Council remains financially stable while giving focus to financing key Council priorities
- Promote the prudent use of ratepayer’s money together with other funding available to deliver agreed levels of service, cater for growth and maintain a sound asset management approach
- Ensure Council rates and fees are kept to a level commensurate with its levels of service obligation
- Provide financial parameters within which Council’s work programmes are to be achieved.

4.3 The Chief Executive’s Responsibility

The responsibility of the Chief Executive in financial management includes:

- Overall responsibility of Council for sound financial management
- Delivery of the financial outcomes of Council’s Long Term Plan
- Responsibility for the performance of managers with delegated financial powers
- Arbitrating any conflict relating to finance which may arise from time to time, in which the Chief Executive’s decision is final
- Compliance with the Local Government Act 2002, the Local Government (Rating) Act 2002, Rates Rebate Act 1973, Financial Reporting Act 1993 and other statutory provisions. (They relate principally to keeping adequate financial records and to reporting regularly to the Council).

4.4 The Chief Financial Officer’s Responsibility

The Chief Financial Officer (CFO) has additional responsibilities as follows:

- Conduct a review, at least triennially, of the Treasury Risk Management Policy, treasury procedures and counterparty limits
- Manage the long-term financial position of Hurunui District Council as outlined in the LTP
- Ensure management procedures and policies are implemented in accordance with this Treasury Risk Management Policy
- Ensure all financial instruments are valued and accounted for correctly in accordance with current best practice standards
- Monitor and review the performance of the treasury function in terms of achieving the objectives of minimising and stabilising funding costs
- Monitor treasury exposure on a regular basis, including current and forecast cash position, investment portfolio, interest rate exposures and borrowings
- Manage the relationships with financial institutions/brokers
- Negotiate new or amended borrowing facilities
- Authorise interest rate hedge transactions (swaps, Forward Rate Agreements (FRAs) and options) with bank counterparties to change the fixed:floating mix to re-profile Hurunui District Council’s interest rate risk profile on borrowing

- Design, analyse, evaluate, test and implement risk management strategies to position the Hurunui District Council's net interest rate risk profile to be protected against adverse market movements within the approved Treasury Risk Management Policy limits
- Execute treasury transactions in accordance with set limits
- Complete deal tickets for treasury transactions

- Monitor credit ratings of approved counterparties

4.5 Managers' Responsibility

Council Executive Managers' responsibility in financial management is to:

- Deliver the work programme outlined in the Long Term Plan within the agreed budget
- Take responsibility for the performance and management of specified activity budgets
- Monitor and control finances of their activities. (A few matters affecting the department finances, such as loans, will remain the responsibility of the CFO, but the managers have responsibility to stay informed of such matters and to keep the CFO advised of their requirements. The CFO has the responsibility to give the information)
- Keep the appropriate Council committee and Chief Executive informed of the state of the finances for the areas under their delegated jurisdiction
- Liaise with the CFO on all financial matters
- Produce Annual Plan and Long Term Plan activity budgets in a form specified by the CFO
- Obtain and provide services within the limits to their delegations for different transaction types as set out in the table in Section 4.12
- Take responsibility and accountability for activity expenditure.

In all cases, financial delegations are made only to enable the commitment or expenditure of funds provided for in the Annual Plan or Long Term Plan.

Financial delegations are made relative to the specified sum as outlined further below.

4.6 Council Committees' Responsibility

The responsibility of Council committees in financial management is to:

- Consider issues and make recommendations to Council on how best to achieve goals and objectives
- Consider issues and make recommendations on how best to reflect this in the Long Term Plan, Annual Plan and Annual Report
- Take responsibility for the finances of activities within the committee's jurisdiction
- Recommend changes to full Council when required.
- Approve the transfer of funding between projects or programmes within the same categories, when the transfer is beyond the delegated authority of the Chief Executive and within the scope of the Long Term Plan
- Consider and (where deemed appropriate) to approve contracts or expenditure if recommended by a manager.

4.7 Financial Delegations to Council Committees

Council authorises the following delegated authority of financial powers to Council committees in regard to matters within each committee's jurisdiction.

4.7.1 Contract Acceptance

Committees are authorised to:

- Accept or decline any contract for the purchase of goods, services, capital works or other assets where the total value of the lump sum contract or the annual value of the term contract does not exceed the sum allocated in the Long Term Plan/Annual Plan.

4.7.2 Budget Reallocation

Committees are authorised to reallocate funds from one existing budget item to another.

Reallocation of this kind must not impact on current or future levels of service and must be:

- Reported to the next Council meeting
- Funded by way of savings on existing budget items
- Within the jurisdiction of the committee
- Consistent with the Revenue and Financing Policy.

4.8 Monitoring and Reporting Delegations

The Executive Team are responsible for monitoring financial delegations under their areas of responsibility and for reporting any budget variances to the appropriate reporting level.

4.9 Chief Executive Sub-Delegated Transactions

The Chief Executive's sub-delegation is made within three different categories of financial delegation that may be made. Each category of delegation conveys different powers, regarding either the type of transaction or the timing of the transaction.

4.9.1 Enter into - Contracts

The authority provided under this category of financial delegation allows the delegate to commit the Council to a future expenditure of funds, up to the limit of the delegation, provided that the proposed expenditure is approved in the Long Term Plan or Annual Plan. The delegation is for the total of all stages of a contract. For the avoidance of doubt, this requires that an assessment must be made of the total of any contracts that will flow from the issuing of the contract under consideration. It is the total value of this resulting 'chain' of contracts which is the value for consideration under the delegation.

4.9.2 Approve Expenditure – Special Projects or Works

The authority under this delegation is to approve one-off types of special expenditure on behalf of the Council, up to the delegated limits established and recorded in the register, and where the expenditure is provided for in the Long Term Plan or Annual Plan. The delegation limit applies to the approval of each transaction, not the aggregate of transactions. For the avoidance of doubt, an individual transaction would be a monthly progress payment due under a contract for construction. Special Projects or Works expenditure is expenditure where periodic payments are made related to specific projects or capital works and conclude when the projects or works are completed.

Examples include road construction works projects, policy, or bylaw development projects.

4.9.3 Approve Expenditure - Operations

The authority under this delegation is to approve generally recurring types of expenditure on behalf of the Council, up to the delegated limits established and recorded in the register, and where the expenditure is provided for in the Long Term Plan or Annual Plan. The delegation limit applies to the approval of each transaction approved not the aggregate of transactions. Operational or transactional expenditure is expenditure of an on-going or recurring nature.

Examples include fortnightly salary and wage payments, monthly lease payments for assets, monthly payments to contractors for services provided.

4.10 Policy on Procurement of Goods and Services

Refer to Procurement Policy for details.

4.11 Expenditure Delegations

4.11.1 Contract and Expenditure Authorisation

4.13 Approval of Variances

The Annual Plan and related activity budgets are one of the major controls over the exercise of delegations. Managers are therefore required to inform the Chief Executive as soon as they become aware of any activity exceeding budget and must take all possible steps to avoid this occurring. Notwithstanding this, managers are entitled to expect the Chief Executive and the Council to adopt a reasonable attitude. In no way, however, will significant unidentified over-expenditure caused by bad financial management be tolerated.

If the variance is unavoidable, then this must be reported to the Chief Executive for further action.

The Chief Executive may or may not authorise any manager to vary from budget when:

- The variance is no more than 10% of the original budget on any individual budget line
- The relevant manager confirms the variation will be funded from savings made on other sums within the same activity budget or from additional income from the activity
- The variation will allow the department concerned to better achieve the purpose or purposes for which the budget was set.

A Council Committee may vary from budget when:

- The relevant manager confirms the variation will be funded from savings made on other sums within its areas of responsibility or from additional income from those areas
- The variation will allow the department concerned to better achieve the purpose or purposes for which the budget was set.

All other variances need to be reported to the Council for approval.

5. MANAGEMENT DELEGATIONS

5.1 Introduction

The relationship between elected members and Council employees is critical to the effective functioning of Council. This section of the Delegations Manual sets out the powers, duties and responsibilities that are delegated to Council employees, through the Chief Executive, and any specific non-governance delegations made to individual elected members.

Generally, managers will be delegated sufficient powers to enable them to fulfil all responsibilities and key accountabilities of their position as set out in the position description and the annual performance objectives agreed with them. The delegations put in place will recognise the growth in skills and competencies of managers with time and experience in their positions and additional training undertaken. The underlying principle is that accountability accompanies delegation. All delegations are noted throughout the Delegation Manual and, along with the principle expressed above, with the caveat that no delegation gives any delegate the power to exceed any financial limit expressed in the Annual Plan or Long Term Plan (LTP) or to undertake any action that is not provided for in the LTP.

5.1.1 Principles and Procedures

The management of the Council is the responsibility of the Chief Executive. The Chief Executive's primary statutory responsibilities are set out in section 42 of the Act and are detailed in part 3 of this policy document. The CEO employs staff and leads those staff and service delivery agencies towards the achievement of the statutory responsibilities and other responsibilities that the Council may establish.

Whilst the management of the Council assets and resources is the Chief Executive's responsibility, he/she will delegate some management responsibilities to Council managers. The Chief Executive retains the prerogative at all times over the delegation of management functions. In making these delegations, the Chief Executive will be guided by the following principles and procedures:

- Managers and staff will be delegated the authority and accountability to be able to effectively complete their performance objectives. Clear links will be established between the agreed performance targets and the delegations necessary to reach those targets.
- Consistent with this, the management philosophy of Council is that delegations will be made to the level at which competent and efficient decisions can be made.
- Whilst delegations are made to individual positions it is expected that when significant or sensitive decisions are being made under delegated authority managers will collaborate in the decision making process to ensure the best outcome for the Council.
- As the organisation evolves over time through development and responding to Council requirements, changes will be made to management delegations.
- Significant and sensitive decisions made by managers under delegated authority will be reported to the management team at management meetings. This forum will also ensure that delegations are not being exceeded.
- Whilst the management of Council staff is the sole responsibility of the Chief Executive, he or she may choose to delegate some of the functions of appointment, remuneration, performance review and termination of staff to managers.

5.2 Delegations

The Chief Executive has made a number of sub delegations as per the Sub Delegations Register.

5.3 Policy Development and Setting

- Development of policy and particular policy setting is the **responsibility of elected members**.
- The Chief Executive, and through him or her, delegated Officers may assist elected members in the policy process. 6. STATUTORY DELEGATIONS

6.1 Introduction

Local authorities have a wide range of legislative responsibilities. Some of these are general, in that they apply to all organisations in New Zealand. These include the Employment Relations Act 2000, Health and Safety at Work Act 2015 and Goods and Services Tax Act 1985.

However, many statutes contain provisions specific to local government, setting out specific powers and responsibilities. Most of Council's regulatory powers, along with the rules around their implementation, are contained in statute. These include but are not limited to the Resource Management Act 1991 and Building Act 2004.

This section of the Delegations Manual sets out the delegations of these statutory responsibilities.

Section 145 of the Local Government Act 2002 empowers Council to develop bylaws. The purpose of any bylaw must be one or more of the following:

- Protect the public from nuisance
- Protect, promote, and maintain public health and safety
- Minimise the potential for offensive behaviour in public places.

Bylaw development and adoption cannot be delegated, although the powers created by bylaws and their enforcement of bylaws can be.

The delegation of these powers, duties and functions is also specified in this section of the Delegations Manual.

6.2 Principles and Procedures

The following specific principles and procedures apply to the delegation of statutory powers, duties, and responsibilities. The mix of service delivery option that the Council uses is specifically provided for by sub-clause 5, clause 32 of the Seventh (7) Schedule, which provides that:

"A local authority may delegate to any other local authority, organisation, or person the enforcement, inspection, licensing, and administration related to bylaws and other regulatory matters."

- All powers, duties and responsibilities reside with the Council unless the legislation specifically prescribes delegations of powers to the Chief Executive as Principal Administrative Officer
- Council has the obligation to confirm that powers can be delegated under the Act and what restrictions there might be on any delegation
- Where the statutory power is optional (rather than required) Council will determine whether and the extent to which it wishes to exercise the power
- Council may separately delegate responsibility for the monitoring of activities from the responsibility for carrying out the activities
- The Chief Executive determines the extent of the sub delegation of powers made to employees or service delivery agencies which is located in the Sub Delegation & Warrant Register Manual
- All delegations of statutory powers will be referenced to the specific statute or regulation that provides the power.

6.3 Resource Management Act 1991

6.3.1 Appointment of Hearing Panel

The appointment of a hearing panel shall be carried out in accordance with the following:

- That the composition of a hearing panel be considered by the Council.
- That if the composition of a hearing panel cannot be considered by Council in time to enable the Council to meet the timeframes outlined within the Resource Management Act 1991, the Council delegates to the Mayor, Chair of

the Strategy and Policy Committee and Chief Executive acting together, the ability to determine the composition of a hearing panel.

- The Deputy Mayor will substitute for the Mayor or Strategy and Policy Committee Chair if either is unavailable.
- That an independent hearing commissioner be a current accredited certificate holder.

7. CONTRACTOR DELEGATIONS

7.1 Introduction

Council has chosen to deliver a range of services through contractors and Council Controlled Organisations (CCOs). The Chief Executive is responsible for the performance of those contractors and Council Controlled Organisations. Generally, contractors will be delegated sufficient powers to enable them to fulfil all responsibilities and deliver all the services to the specified standards as set out in the service agreements in place. All delegations to contractors are made through the Chief Executive.

7.1.2 Principles and Procedures

Contractors are appointed to deliver a range of services. Delegations made under this category are designed to provide sufficient authority for the contractor to deliver the services they are contracted to deliver against the contract specifications.

Contractor delegations are powers and responsibilities made to Council contractors to facilitate the effective and efficient delivery of the services that the contractor delivers on behalf of Council that are not otherwise covered in other delegation categories. The powers delegated will reflect the requirements and conditions of the service agreements in place. Delegations that will be made under this category include the powers to:

1. Provide professional and administrative services to and for Council
2. Undertake regulatory services on behalf of Council
3. Enforce and administer Council bylaws and policies
4. Administer, maintain and improve Council assets

The responsibility for the provision and management of all contracted services sits with the Chief Executive. The Chief Executive will delegate some responsibilities for the management, monitoring and reporting on contractors' performance to Council managers. The Chief Executive retains the prerogative at all times over the delegation of contractor functions. In making these delegations, the Chief Executive will be guided by the following principles and procedures:

- Contractors will be delegated the authority and accountability to be able to complete their contracted service deliverables effectively. Clear links will be established between the agreed performance targets and the delegations necessary to reach those targets.
- Delegations will be made jointly and severally to the contracting company and the principle(s) of the contracting company. Contractors are responsible for the exercise of the delegations within their organisations by their employees.
- Whilst delegations are made to specific contractors it is expected that when significant decisions are being made under delegated authority that contractors will collaborate with the Council management in the decision making process to ensure the best outcome for the Council.
- As the contract specification evolves over time through development and responding to Council requirements, changes will be made to contractor delegations to ensure they remain current and complete.
- Significant decisions made by contractors under delegated authority will be reported to the Chief Executive through the contractor's performance reporting.

7.4 Delegations

The Chief Executive of the Hurunui District Council makes the following delegations of powers pursuant to sections 3, 4 and 5 that follow in this part of the delegation manual.

Except as specifically provided, delegates may not sub-delegate these powers. The delegation is made jointly and severally to the named company and to the principal Officer(s) of that company. Whilst employees of the company may deliver the services, the delegation of powers is made only to the company and the principal(s).

Where delegations of specific statutory or financial powers are made, they are documented in that specific part of the delegations register.

7.3 Contract Engineer to Council Contracts

Under NZS 3910 and NEC 3, the Council (through the Chief Executive) appoints an engineer to the contract and or service manager. The engineer/service manager may be an external agent such as a consulting engineer staff member or an internal staff member. The delegations in this register do not restrict the engineer/service manager in the exercise of his or her duty to certify payment under NZS 3910 and NEC 3. The engineer/service manager appointed may sub-delegate the powers, duties and obligations delegated to them.

The performance of the engineer/service manager to the contract will be measured against the standard of NZS 3910 or NEC 3, the requirement of the Council to be properly and continuously advised on the likely completion cost of the contract as well as the performance of the contract and contractor compliance to statutory obligations.

Any engineer/service manager to Council contracts is delegated the functions, duties and powers set out below. The responsible Council Manager will record the appointment of the engineer to any contract in writing, record the delegation and provide a copy of the functions, duties and responsibilities delegated to the engineer/service manager.

- Any amount over the tendered value will be referred to the responsible Council Manager in the first instance. The signatory authority limit within the Expenditure Delegations in Section 4.11 of the Delegations Manual shall apply
- Subject to the terms of NZS 3910 or NEC 3, the engineer shall not implement a discretionary increase in the scope of a contract without specific instruction from the person with the delegated authority.
- The engineer/service manager shall monitor continuously the likely completion cost of the contract. The engineer/service manager shall advise the Council of all potential variations to the contract, as soon as such circumstances arise
- It will be the engineer's/service manager's responsibility to keep the relevant Council Manager informed on contract progress and to make all financial arrangements for contracts.

8. WARRANTS

8.1 Introduction

The purpose of granting of a warrant by Council is to facilitate the conduct of the regulatory functions of Council. Warranted Officers are expected to apply good judgement at all times in the exercise of their duties under warrant.

Officers must carry their warrants at all times when undertaking duties for which they are warranted and must display their warrant when requested to do so.

8.2 Delegations

The Council delegates the power to issue warrants of enforcement to the Chief Executive, or in his absence, to the Chief Operations Officer or the Chief Strategy & Community Officer.

8.3 Warranted Officers

Council and Contractor staff members have been granted warrants for the Council for the specific Acts, Regulations and Bylaws detailed for each Officer. Staff of contractors may be appointed as Officers of the Council.

Warrants are granted to Officers only for the period of time the Warranted Officer holds the position of responsibility necessitating the warrant. In the event a Warranted Officer changes his/her position or resigns as an Officer of Council his/her warrant is forfeit at the time the change or resignation becomes effective. Officers to whom warrants have been issued are required to surrender their warrant to the Council at that time.

Contractors are responsible for keeping and maintaining current at all times a register of all their staff who are Warranted Officers of Council. When any staff member resigns or leaves the employment of the contractor, they are to ensure that the warrant issued to that staff member is withdrawn and any warrant documents are returned.

8.4 Warrants Schedule

Refer to the Sub Delegations & Warrant Register for details.
