**Specific comment(s) on areas designated in the proposed Responsible Freedom Camping Bylaw:**

1. How have you arrived at what appears to be 2 spaces for Gore Bay Old School Reserve Parking area? There is no assessment provided as to why 2 and not 22? Your map generates more questions than it resolves because there are no designated individual parking spaces within this parking area.

2. How will this be enforced and limited when in the past I have observed up to 13 vehicles overnighing in that area?

3. Given that these are urban areas where self-contained vehicles are excluded, why are you proposing giving special exemption to non-self contained vehicles?

In general I do not endorse the proposed 2 freedom camping parks within the Gore Bay urban area

**Specific comment(s) on waste issues associated with the proposed Responsible Freedom Camping Bylaw:**

1. Currently there is a requirement that no household rubbish be placed in the Gore Bay nearby bin so are you expecting freedom campers to take their waste with them?

**Specific comment(s) on roading issues associated with the proposed Responsible Freedom Camping Bylaw:**

**Specific comment(s) on other safety issues associated with the proposed Responsible Freedom Camping Bylaw:**

**General comment(s) on the proposed Responsible Freedom Camping Bylaw:**

1. ' Certified self-contained vehicle means a vehicle with a current self-containment warrant issued under New Zealand Standard Self-Containment of Motor Caravans and Caravans NZS 5465:2001, and any subsequent amendments'

I endorse your definition of a self-contained vehicle and look forward learning how you plan to enforce exactly this credit card sized certified warrant rather than the current practice of checking the blue sticker. This blue sticker is easily reproduced off the internet and bears little or no relationship to real self-containment.

How will 8pm - 8am only be enforced?

2. Consultation with stakeholders? When did you notify and consult with the Gore Bay and Port Robinson Ratepayers Association?

3. Change the designation for the Domett Stock Resting Reserve near the SH1/Hurunui and build a toilet to stop the current waste disposal issues.

4.No freedom camping in Gore Bay urban area.Thank-you.
