MINUTE OF THE ENVIRONMENT COURT

**Case management
(15 June 2022)**

Introduction

[1] This Minute is issued for the purpose of case management and responds to the reporting memorandum of counsel dated 2 June 2022.

Leave for late filing

[2] Leave is not required as the memorandum was filed within the time frame

directed.¹

Issues of fact and opinion; legal issues for determination

[3] I will set the proceedings down for a prehearing conference, the purpose of which will be to confirm the facts and issues that are in dispute and secondly, the legal questions for determination. The appellant has made a good start, but the applicant is asking them to provide greater detail around aspects of the dispute in order that they be able to confirm the witnesses required.

[4] I will make a direction that the appellant responds to paragraphs [13]-[19] of the June 2022 reporting memorandum.

Judicial conference

[5] I will set the proceedings down for a judicial conference. As there are too many issues to discuss, the conference will either be in person or AVL (and not a telephone conference).

Directions

[6] Accordingly, I direct:

- (a) a judicial conference will be convened at **10 am Thursday 14 July 2022**; and
- (b) the registry will be in contact with parties with connection details.

¹ Minute dated 8 April 2022.

[7] Leave is reserved for the parties to seek further (or other) directions.
