**4. The specific parts of the application that my submission relates to are: \***

1. Pole height breach

I doubt you will notice the additional heights of the poles that are visible by looking north from the village, they will blend in with the native and exotic tree species.

2. Noise breach

Any noise from the flyline will go west away from housing. I recently rode the Rotorua canopy tours zip lines, I was surprised there was no yelling or other noise, the only noise was from the line.

3. Car parking

I live at the top of Acheron Heights, on busy weekends you cannot get a car park, most parked vehicles will be from rental properties. I do not mind this as we and probably all other permanent residents have off road parking.

4. Poles of steel construction

I agree with steel, it is stronger, longer lasting and can be painted.

5. Site proposed flyride

The site selected is excellent, the slope in my opinion is not excessive.

6. Addendum to the application

I have read the addendum and I agree with what is in it.
